

BUSINESS DEVICES THAT ARE A CLASS APART

The ultimate productivity notebook, ThinkPad T Series will keep users productive all day with long battery life, docking and enhanced connectivity options, security and manageability features.

ThinkPad T15g Gen 1

Smarter
technology
for all

Lenovo

Power users will find a lot to like in this 15.6" workhorse laptop. It boosts productivity with up to 10th Gen Intel Xeon processors, faster and more responsive OPAL2 PCIe SSD up to 4TB storage and integrated NVIDIA GeForce RTX graphics. There's up to 4 memory slots, and for the first time in this laptop series – error-checking ECC memory. Features like Modern Standby, WiFi6 support and Wake-on-Voice functionality enhance the overall user experience.

REASONS TO BUY

The optional 4K display with Dolby Vision HDR and 100% Adobe color gamut delivers visuals that truly come to life. Users who work from remote locations or often away from a charging point will love the all-day battery that lasts up to 16 hours and improved CAT16 WWAN connectivity that delivers strong data connectivity from almost anywhere.

Configure with an 8-core Intel Xeon or Core i9 processor, fast M.2 SSD storage and up to 128GB of memory with ECC enabling multitasking of large spreadsheets, databases or complex statistical software.

The optional Dolby Vision HDR screen brightens and deepens colors. With factory color calibration and up to 100% Adobe color gamut, graphic designers will want to work on this device.
