

ThinkCentre Tiny-In-One 24 Gen 4

Can be paired with any ThinkCentre Tiny desktop (including models with 65W CPU) to build a 23.8" modular all-in-one in less than a minute – no tools required. Integrated 1080p rotatable camera and mic support web conferencing, and there's also an optional IR camera or optional touchscreen.

The new stand is 18% more space-efficient than the previous generation and offers tilt, pivot and swivel movement and increased height adjustment of up to 150mm. Plus there's dedicated space to store a smartphone, and charge it via USB-A or USB-C ports on the side of a connected Tiny.

Like any all-in-one, the display on/off button also powers on the PC. The screen can be pivoted 90 degrees into 'portrait' mode or removed from the stand and connected to an extendable arm for even greater ergonomic flexibility.

1080p webcam, dual array mics and 2x 2W stereo speakers for video conferencing. Camera angle is independently adjustable from the display and includes an integrated privacy cover.

Empowering the modern workforce with a streamlined desktop experience

ThinkCentre TIO offers a seamless all-in-one solution for modern professionals, integrating a compact desktop PC with a high-resolution monitor, providing space-saving efficiency and easy setup for enhanced productivity.

Lenovo Services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..

Accessories

Lenovo Kensington MicroSaver Cable Lock

- Cut-resistant cable lock to protect against device theft; 5ft/1.5m cable anchors to desk, table or any fixed structure
- Tamper-resistant, disk-style lock provides near-impenetrable theft protection, but still allows users to pivot and rotate devices
- Fits a wide range of devices and docking solutions based on the Kensington slot design. Dual head locks available to secure 2 devices to one cable
